

# Ways To Deal With Obscene Calls Detailed

The most effective way to deal with an obscene or abusive telephone call is simply to hang up immediately, according to Al Swan, Antioch manager for Illinois Bell.

"An obscene caller generally wants an audience, someone to listen to his foul mouth," notes Swan. "Hang up promptly and

you deprive him of his audience." In 1969, Illinois Bell received reports of nearly 3,500 nuisance calls each month, Swan said. "These calls are a serious problem for our company, as well as for the victims," he said. "We don't want the telephone misused to frighten and annoy people."

Because of this increasing problem, Illinois Bell has developed a talk-demonstration program, "When Trouble Comes Calling", that is now available free to area clubs and organizations. During the program, the speaker describes different types of nuisance calls and explains how best to handle them.

Information on this new program can be obtained from Public Relations Special Clerk, Mrs. Laila Griffith, 623-9998.

The program points out that victims of abusive calls are not helpless. There are techniques for dealing with such calls.

For example:

1. If the caller won't identify himself, or if he makes lewd remarks, hang up. Don't give out any information unless you know who you are talking to. If you're in doubt, ask the caller's name and tell him you'll call him back.

2. If someone asks, "What number is this?" don't tell him. Instead, ask him what number he is dialing. Instruct baby-sitters to do the same.

3. If abusive calls persist, keep a record of every call, noting the time, date, circumstances, and perhaps something about the nature of the caller. This may be helpful later in detecting the caller.

4. If the threat against your life or property is made, call the police immediately.

5. If you are receiving nuisance calls of any type, call your service representative at Illinois Bell.

Generally, there are less drastic solutions to the nuisance call problem. "The best person to discourage such calls is the victim himself. If you hang up immediately, there's a good chance the caller will never bother you again. But if your efforts don't work, our service representatives are ready to help."

The Pacemakers will appear in a benefit performance in the Antioch High School auditorium on Saturday, Aug. 15, at 8:30 p.m. to aid the American Field Service Scholarship Program. A.F.S. students will be selling ice cream and cold drinks at intermission. They hope to make enough money to send an Antioch student abroad as well as bringing another foreign student here.

## LCCAP Seeks Aides

The Lake County Community Action Project is seeking skilled and non-skilled volunteers to help establish and operate a communications-public relations program.

Both students and adults are needed. Persons who have experience in writing, advertising, photography or almost any phase of communications are being sought.

The Community Action Project is part of the federal government's anti-poverty program, administered by the Office of Economic Opportunity. Funding for the present year totals almost \$500,000 in the county, aimed at five target areas — Waukegan, North Chicago, Zion, Lake Zurich, and Round Lake.

"A good communications program will go a long way towards helping us achieve anti-poverty goals," said Mrs. Barbara Gordon, acting director. "With the help of some professional area journalists we are finally getting a communications effort off the ground, but more help is needed to maintain a program over an extended period of time," she said.

The programs administered by the Community Action Project in the county include Head Start, Neighborhood Youth Corps, Legal Aid, Youth Development, Planned Parenthood, Community Organization and the Neighborhood Centers.

Persons who have the time and interest to assist in the communications work may contact the county office, 215 Water St., Waukegan, or call 662-1393.

## 18-Year-Old Vote Ruling Is Requested

Secretary of State Paul Powell has requested an opinion from Attorney General William J. Scott regarding the constitutionality of recent federal legislation permitting 18-year-olds to vote.

"I have supported the right of 18-year-old men and women to vote, and I have urged the delegates to the Constitutional Convention now meeting in Springfield to support this proposition," declared Powell.

"However, it is incumbent upon me as Secretary of the State of Electoral Board to seek the opinion of Attorney General Scott," he added, and further stated, "Governor Ogilvie, as Chairman of the State Electoral Board, has concurred that this opinion be sought."

In a letter to Scott, Secretary Powell posed three specific questions as to a possible conflict, if any, between the Constitution of the State of Illinois and

## Kucharski Gathering Scheduled

More than 500 Republican party workers from five Northern counties are expected to attend an old-fashioned political rally and corn-bowl Saturday, Aug. 15, at the Gross farm, near Hebron, in honor of Edmund J. Kucharski, GOP candidate for state treasurer.

A mini-beauty contest, with contestants age 3-5, is also planned. Fried chicken and refreshments will be served. Guests have been invited to fish in nearby lakes, sunbathe on sandy beaches and make use of rowboats which will be available.

"I enthusiastically look forward to meeting Northern Illinois Republican party workers," Kucharski said. "Precinct captains and other party workers are the backbone of any political organization. The importance of their work is highlighted this year at a time when the Republican party has an excellent opportunity to win major offices in Illinois."

"I plan to discuss with the Republican workers my plans for the office of state treasurer and

## Boating Accident Takes Life

A 63-year-old Channel Lake man died Sunday in a boating accident at the Fox River overpass, a half mile south of Rte. 173 in Antioch Township.

The drowning victim was John J. Kriesant of Park Lane, Channel Lake, Antioch Township.

Kriesant drowned Sunday afternoon.

Paul B. Davis, 40, of Chicago, told sheriff's deputies that the boat in which he was a passenger suddenly swerved and crashed into the shore.

Kriesant, who was at the tiller, fell in. Davis said that Kriesant came up once before he submerged.

The body was recovered by the divers from the Antioch and Round Lake Rescue Squads.

Kriesant was born May 29, 1907, and was employed by Johnson Motors.

He is survived by his widow, Jeanette; four daughters, Mrs. Barbara (Lowell) Ray, Calumet, Michigan; Mrs. Carol (Harvey) Schneider, Glenview; Miss Joanne of Niles and Miss Linda of Antioch; two sons, Walter of Elk Grove and Allan of Antioch; two brothers, Anton and Edward of Wilmette; four sisters, Mrs. Elizabeth (John) Ziegler, Glenview; Mrs. Gertrude (Anthony) Thilman, Evanston; Miss Margaret Kriesant, Wilmette, and Mrs. Frances (Howard) Berger, Chicago, and 12 grandchildren.

Services were held Wednesday

## State Capitol News

Special mobile radio units have been shipped to 63 more law enforcement agencies. Illinois Department of Law Enforcement Director Herbert D. Brown said last week. This brings to 552 the number of agencies participating in the Illinois State Police Emergency Radio Network (ISPERN), he added. Of the state's 228 communities with more than 5,000 populations, 189, or 82 per cent, have requested links with the ISPERN frequency, as have 74 of the 102 county sheriff's offices.

More effective war on crime in the Chicago metropolitan area is being made possible with the shipment of 821 mobile units to 69 Cook County agencies participating in ISPERN.

**RELEASE FUNDS**  
Gov. Richard B. Ogilvie has released \$554,000 for improvements, including: extension of utilities and a fire alarm system, on the Carbondale campus of Southern Illinois University. Of this amount, \$467,000 is for extension of water, sewer, steam, air conditioning and chilled water services to the new Center for Advanced Study of Physical Sciences Building.

**CLOSE LIBRARY**  
Reference, research and loan services of the Illinois State Historical Library will be suspended and the library will be closed Aug. 8 through Sept. 8 when it will be moved to its new location beneath the Old State Capitol.

**HUNTING DATES**  
Hunting season dates, announced by Acting Director Dan Malkovich of the state conservation department, follows:

Squirrel — Sunrise Aug. 1 — sunset Nov. 15 in the Southern Zone; sunrise Sept. 1 — sunset Nov. 15 in the Northern Zone (north of U.S. 36).

Cock pheasant, quail, Hungarian partridge — Noon Nov. 14 — sunset Dec. 31.

Rabbit — Noon Nov. 14 — sunset Jan. 31, 1971.

Raccoon, opossum, skunk, weasel — Noon Nov. 1 — noon Jan. 31, 1971.

Gray and red foxes — Noon Nov. 1 — noon Mar. 15, 1971.

Trapping season dates are:

Foxes, raccoon, opossum, skunk, weasel, mink, muskrat — Noon Nov. 16 — noon Dec. 31 in the Northern Zone; noon Nov. 25

# The Antioch News

"The Antioch News is the only paper in the world that is 100% for Antioch"  
10c PER COPY      ANTIOCH, ILLINOIS, THURSDAY, AUGUST 13, 1970      VOL. LXXXV. NUMBER 8

## High School Sign-Up To Be Held Aug. 24-26

Antioch High School students will begin registration on August 24 and the various classes will report through August 26.

Seniors are to report to the school gym between 9 and 11:30 a.m. and juniors report between 1 and 3:30 p.m. on August 24. On August 25 sophomores will report between 8:30 a.m. and noon.

Freshmen will report on August 26 between the hours of 8:30 a.m. and noon.

Identification pictures will be taken during these sessions.

On August 28 the new teachers will be introduced to the school.

On Monday, August 31, Dr. Martin D. English, dean of the graduate school, National College of Education will conduct a discussion session with the teachers.

ers on "What Does It Mean to Teach?"

The day-long workshop will begin with the teachers meeting in the cafeteria between 8 a.m. and 9 a.m. where breakfast will be served and welcome will be given along with the introduction of new staff members and the existing faculty.

Dr. English's talk will follow at 9:15 a.m. and will conclude at 10:45 a.m.

A coffee break will follow in the cafeteria until 11:15 a.m. when the teachers will be addressed by Superintendent Albert Dittman and assistant superintendent Warren Polley.

A luncheon will follow in the cafeteria where the faculty will be welcomed by William Brook, president of the Antioch High School Board and by Robert Denman, secretary of the board.

The afternoon will be devoted to distribution of teachers' supplies, departmental and special teacher meetings and preparation of the rooms for classes.

The first day of school will be September 1 for a half-day session.

Juniors and seniors will attend from 8:30 a.m. to 11:30 a.m. and freshmen and sophomores from 12:30 p.m. to 3:30 p.m.

The first full day of school will be on Wednesday, September 2 with regular bus runs in operation and the cafeteria open.

The board announced that construction on the new building addition is moving on schedule with occupancy of the academic wings by November 1.

Life Safety (fire and emergency improvements) remodeling will be under way by the opening of school this fall.

The new gymnasium complex will be completed by February 1, 1971, it was announced, with a few basketball games played in it before state tournament time.

The athletic department is planning on requesting the Illinois High School Association permission to host a state basketball tournament in 1972.

Seating capacity of the new gymnasium will be about 3,000.

The board also announced that 500 students were involved in the summer school program.

The board also announced that students wishing to participate in scheduled testing for the 1970-71 school year should sign the registration sheet when registering in August.

## Pollution Top Problem: Cepon

Naming water pollution in western Lake County as a top priority problem facing county government, August P. Cepon, chairman of the Lake County Board of Supervisors, called a county officials and representatives of the Northeastern Illinois Planning Commission August 6.

They will participate in class sessions and activities at the Junior Home Economics and Livestock Buildings from August 14-16. Judges were all selected by judges as being outstanding in their work exhibited at the recent Lake County 4-H Show and Fair.

They are:

CLOTHING — Shirley Wertke, Ingleside; Lynn Nachowicz, Mundelein; Doris Meuter, Antioch; Sylvia Meuter, Antioch; Janet Schaezel, Lake Villa; Judi Levan, Mundelein; Barb Engel, Grayslake; Rosemary Scheske, Antioch; Debbie Olsen, Zion; Tammy Anhalt, Grayslake; Yvonne Maassel, Round Lake; Sue Ehrhart, Gurnee; Sally Dowell, Wauconda.

FOODS — Carol Rudd, Gurnee; (Continued on page five)

for a solution, and that he had listed water pollution as one of the gravest problems facing the county when he was elected chairman, and its resolution a matter he intended to give major attention.

"NIPC officials promised their full cooperation with the county. They will soon publish a wastewater report on this area of the state.

Attending the meeting in addition to Cepon were S. A. Harris, chairman of the Lake County Regional Planning Commission; Matthew L. Rockwell, NIPC executive director, and staff members Lawrence B. Christmas and Col. Joseph A. Smedley; Earle Harrison, county Planning and Zoning committee chairman; Donald S. Strenger, chairman of the Lake County Public Works committee, and Frank B. Peers, Janet Morrison and Ernest Minnert, representing the special studies committee appointed by Cepon.

Other committee members attending included E. Kenney Harlan, Francis T. Graham, Harry

## Uninsured Runs Risks

What does the law have to say about the motorist who fails to carry automobile liability insurance?

According to the Illinois State Bar Association, a person may own and operate a motor vehicle in Illinois without insuring himself against his liability for damages in case of accident but, if an accident happens, the law does make certain demands upon him under penalty of the loss of his license.

By law, the uninsured driver who is involved in an accident resulting in property damage of \$250 or more, or the injury of any person, must provide proof that he is a financially responsible person.

If he fails to provide this proof to the satisfaction of the law, his driver's license will be suspended and the license plates of his car may be confiscated.

Here is what the law expects by way of proof of financial responsibility on the part of the uninsured motorist who has an accident:

1. He must deposit cash or a surety bond with the State in an amount to cover his possible liability for damage claims resulting from the accident. This requirement is waived only if the uninsured motorist is freed by final court adjudication from any liability, or if he executes a duly acknowledged written agreement with the injured party or parties providing for payment of all claims, or if he obtains signed releases from all persons involved in the accident absolving him from liability.

2. He must obtain insurance to cover his liability in case of future accident in the amount of at least \$5,000 for damage to the property of others; \$10,000 for the injury or death of one person; \$20,000 for injury or death of two or more persons in the same accident. (A certificate verifying that insurance in the required amounts has been obtained must be supplied by the insuring company.) This requirement is waived only if the uninsured motorist instead deposits cash or a surety bond in the amount of \$25,000 with the State to cover his possible liability for future accident.

If, in order to meet the financial responsibility requirements, the motorist obtains insurance, his insurance must be kept in force for a period of three years and his failure to do so will result in the loss of his driving privilege.

The ISBA warns that coverage in the minimum amounts provided in the law is not intended as a guide to desirable insurance protection. It points out that actual damage claims resulting from an accident could run much higher, especially in view of the high cost of hospital care, medical treatment and substantial loss of income which an injured person might suffer, to say nothing of damages due to a person's death.

According to the ISBA, many insurance experts and lawyers who try damage suits in court favor insurance coverage in at least the following amounts: \$50,000 for damage to the property of others (damage to a truck loaded with expensive merchandise could easily run that high); \$100,000 for injury or death of one person; \$300,000 per accident (for injury or death of two or more persons) and \$10,000 medical payments to cover necessary medical treatment of the insured party, his family or guests in his car. In addition, collision insurance to cover damage to the insured's own car is recommended.

Annual premiums for auto insurance depend upon the age of the insured, his record as a driver, the extent and nature of his use of the car, his locality and other factors. Major increases in the limits of a person's auto insurance, to bring it up to recommended levels, usually can be obtained for relatively small increases in the insurance premium, the ISBA advises.

(Guest editorial by Ill. State Bar Assn.)

## ALONG THE WAY with Annie Mae

## PROJECT VIETNAM CONTINUES

This week Harry Brechen packed and mailed 23 packages to Vietnam servicemen from this area. The number is growing smaller as the months go by but Project Vietnam will continue until the last serviceman returns to this area. Congratulations, Harry, for a job well done.

## PACEMAKERS, COMING

The American Field Service will present the Pacemakers production of "The Best Goes On, Decade After Decade" at the Antioch Community High School Saturday night at 8:30. From all reports this promises to be an exceptionally fine production.

## WEDDING BELLES IN GREAT NUMBERS

The Annual Salad Bar Luncheon of St. Peter's Church is coming up Saturday at 12:30 with a delicious menu in store for all and a program of lovely brides in the costumes of the past and present. Be sure to look at the special page in this paper which previews the program of lovely "Belles." Be sure to be there.

## HAPPY ANNIVERSARY

By coincidence the day of the Wedding Belles production of Mrs. McMillen is the 44th anniversary for Jim and Phyllis. What a wonderful way to remember this date. Congratulations.

## Coast Guard Applications Are Available

WASHINGTON, D.C. — Representative Robert McClory (R-Ill.) announced today that applications are now being accepted by the Director of Admissions for appointment to the Coast Guard Academy, located in New London, Conn.

McClory declared: "Appointments to the United States Coast Guard Academy are unique in that they are tendered solely on the basis of an annual national competition, administered by the Academy itself, open to all young men fulfilling the basic eligibility requirements." He pointed out further that the Coast Guard Academy offers a four-year academic program, emphasizing engineering-physical science, social science, or marine science oceanography, and leads to a Bachelor of Science Degree as well as a commission as an officer.

In making this announcement, Congressman McClory stated: "I urge all qualified young men who are interested in a profession in America's oldest continuing seagoing service to write for details and application forms as soon as possible to: Director of Admissions, U. S. Coast Guard Academy, New London, Conn. 06320."

## Doughnut Sale Is Successful

Overall results of The Salvation Army Doughnut Day effort have been announced by George Wilson, General Chairman of The Salvation Army's Operating Fund Campaign. \$107,123 was raised by over 8,000 volunteers in Chicago and 113 suburban towns.

Mrs. Henry D. Paschen, General Chairman of Doughnut Day said that although there were fewer contributions from the general public, the average donation was slightly over 18 cents, the same as last year when \$191,000 was raised.

Contributions are benefiting some 200,000 men, women and children in the Greater Chicago Area and suburban communities who are being helped during 1970 through the social welfare services provided by The Salvation Army.

Counties included in the Doughnut Day solicitation were Cook, DuPage, Kane, Lake, McHenry, and Will counties in Illinois and Lake County in Indiana.

Through the 46 institutions, departments and neighborhood centers of The Salvation Army, a multitude of services are provided each year to people in need. These religious and social service programs include casework and counseling for families and individuals; a homemaker service to

**Boating Accident...**

(Continued from page one)  
at the Lindsey Donnellan Funeral Home, 725 Ridge Ave., after arrangements were made by the Strang Funeral Home in Antioch. Another drowning accident in this area occurred in Lake Millmore, Venetian Village.

Dead is Rusty J. Ulvila, 14, of Moose Lake, Minn.

The youth and his parents were visiting relatives when the tragedy occurred. The boy had been swimming and dived from a raft. The third time he failed to surface.

The body was recovered by the Lake Villa Rescue Squad.

**Your Congressman Reports...**

By Cong. Robert McClory

No issue facing the United States Congress poses more sharp divisions of opinion than the pending Agricultural Act of 1970 (H.R. 18546).

The multiple programs of subsidies and supports which have grown "Like Topsy" since the first Agricultural Act of the 1930's appear to be perpetuated in this new farm bill. If enacted, the effect will be to postpone the ultimate day of reckoning when some of the various expensive programs must be abandoned.

The only radical change in the pending farm legislation is the ceiling on support and subsidy payments which will limit individual farmers to a maximum of \$20,000 per farm. This change which is being accepted reluctantly by sponsors of the pending farm legislation is a renewal of earlier efforts in the Congress which have been rebuffed by one means or another.

According to the U. S. Department of Agriculture almost 13,000 American farmers last year received government checks amounting to \$20,000 or more. One California cotton farmer received in excess of \$4 million and approximately 400 farm operators received government checks of more than \$100,000 each "for not growing crops." Last year some 152 Illinois farmers received more than the proposed \$20,000 payment limitation. Nevertheless, it should be pointed out that less than one percent of the total of all payments made under the existing Agricultural Act amounted to \$20,000 or more. In other words, only about 13,000 out of a total of 2.5 million farmers received government checks in excess of the \$20,000 ceiling. The limitation on individual payments will save a mere \$300 million from the overall farm bill cost of more than \$8 billion during the next year.

Existing farm legislation which expires at the end of this year,

**McClory's Wife Will Manage His Campaign**

Twelfth District Congressman Robert McClory today named his wife, Doris McClory, as his campaign manager in his race for re-election to Congress.

Mrs. Doris McClory's background in television production amply prepares her for this new assignment. Prior to her marriage last year to the Congressman, she was involved in producing such popular TV shows as

"What's My Line", "To Tell the Truth", "I've Got a Secret", "The Johnny Carson Show", and numerous other programs in New York and Hollywood.

Mrs. McClory's political interests began when she was a member of the New York Young Women's Republican Club. She campaigned for local, state and national Republican candidates in the 1956, 1960, 1964 and 1968 campaigns.

In 1956 she was private secretary to Mrs. Dorothy Houghton, co-chairman of the National Citizens for Eisenhower-Nixon. In this role she learned the rudiments of campaigning and fund-raising. She served as an "like girl" at a huge rally held that year in New York's Madison Square Garden which the late President Eisenhower and Mrs. Eisenhower attended.

Since her marriage in March 1969 to the Congressman, Mrs. McClory's talents have been in active demand at the Congressional (wives) Club in Washington, as well as at various events in the Nation's Capital.

She has made a host of friends in the 12th Congressional District comprising Lake and McHenry Counties, and Barrington and Hanover Townships in Cook County.

Congressman McClory will have campaign headquarters at 744 North Western Avenue, Lake Forest, an elsewhere in the 12th District. Mrs. McClory will be recruiting volunteers. Mrs. McClory emphasizes as campaign manager, she, too, will be strictly a "volunteer."

**Plenty Of Natural Gas**

The president of the American Gas Association stated, "The natural gas industry is confident it can meet customer requirements far into the 21st century." Noting that estimated proved reserves of natural gas declined last year for the first time, the gas industry spokesman said, "We will not run out of natural gas if we make the essential effort to translate undiscovered natural gas resources into proved reserves inventory. . . . The challenge is one of finding them with the drill bit."

A Southern Illinois University graduate student from India is writing a cookbook on the dishes of her native land. The book will be the first of its kind in the world.

**NI-Gas Will Contest Fuel Cutback**

Northern Illinois Gas Company has announced it is contesting the plan submitted to the Federal Power Commission by Natural Gas Pipeline Company of America to curtail gas supplies to certain of its customers, including NI-Gas.

Howard E. Ford, NI-Gas senior vice president, said Natural's proposed allocation method was unfair in that it permits certain customers to take substantial additional quantities of gas without limitation, and places all the limitation upon its other customers.

NI-Gas, he said, will continue to discuss the matter with Natural in the hopes of finding a more equitable allocation method, one that will not discriminate against NI-Gas and its customers.

In the meantime, Ford said NI-Gas is volunteering to reduce its average daily take of gas during the month of August by 200 million cubic feet a day in the interest of helping Natural increase its storage supply to meet its customers' heating needs in the coldest days next winter.

"The extent of curtailment, however, that we will accept starting September 1," he said, "will be the subject of further discussion between now and that date."

Ford said that this curtailment of the contracted deliveries by Natural Gas Pipeline would make it necessary for NI-Gas to reduce the additional amount of gas it had agreed last April to make available to Commonwealth Edison Company. Ford stated:

"Our pledge to individual home owners and small businessmen that we will meet their gas needs is still good, and it will continue to be good. It is the big, new gas demand and the extraordinary gas demand—such as Edison's—that will necessarily feel the impact as gas from our pipeline suppliers is restricted."

**Kilowatt Hours**

According to the Northwest Public Power Association, "Customers are often puzzled by the term, 'kilowatt hours', the units in which electricity is billed each month. To quickly define a kilowatt hour, it is only necessary to point out that this energy unit is equal to the use of 1,000 watts for a period of one hour."

"Expressed in common household terms, a kilowatt hour of electricity is consumed by using a 100 watt lamp 10 hours or operating a color television set (350 watts) for nearly three hours."

"If a man was to duplicate the energy contained in just one kilowatt hour of electricity, he would have to exert himself for 13 hours in hard, manual labor. His work efforts, expressed in another way, are only equivalent to about one-tenth of a horsepower per hour."

ask for their complete support of the Republican ticket, headed by Senator Ralph Tyler Smith."

Among the dignitaries expected are: Congressman Robert McClory (12th Dist.), and State Senators Robert Coulson of Waukegan, Dennis J. Collins of DeKalb and Karl Berning of Deerfield.

Also, from Winnebago County, are: Rockford County GOP Chairman Donald J. Kerestes; Rockford Twp. Deputy Assessor Jack L. Hankins; Assistant Twp. Supervisor Robert B. Millard of Winn City and Rockford Ald. James B. Peterson.

Representing McHenry will be County Chairman Al Jourdan, Sheriff John C. Carroll, Coroner and Mrs. Theron J. Ehorn and City Clerk Vernon W. Kays.

Lake County officials expected are: Ellen L. Lyons, county central committee vice-chairman; Frank J. Nustra, recorder of deeds; E. Carney Gikerson, public administrator and Highwood Ald. R. L. Powell Jr.

Belvidere Ald. Ronald A. Carlson and State Rep. David C. Shapiro of Amboy have also accepted invitations to the event which begins at 3 p.m.

**Antioch Man...**

(Continued from Page One)

Police said customs agents discovered the marijuana in two packages mailed to Strang from Vietnam and directed to the post office to deliver the packages to Strang, to whom they were addressed.

Postal authorities, upon delivering the parcels, required Strang to sign the slips, claiming that delays in the mail made the requirement necessary.

Police entered the Strang home on a warrant and the man made no attempt to hide the narcotic nor did he resist arrest, Davis said. Strang was taken into custody and a bond of \$5,000 was set.

right shoulder. Three passengers in the Peterson auto, according to state police, were also treated at the hospital.

The Peterson auto, police said, was southbound on Rte. 63 and was attempting to turn left into Engel when the Sherwood auto slammed into the Peterson car.

The death of Sherwood brought to 61 the number of traffic deaths in the county this year as compared with 56 for the same period last year.

Thirteen new staff members have been added at Antioch High School for the 1970-71 school term. They include:

Paul Boardman, physics and physical science; Harold Butterfield, industrial arts; Marilyn Dolan, business education; Deanna Dvorachek, home economics; William Goetzelman, biology;

Lucille Hacht, home economics; Kenneth Kasuboski, industrial arts; Beatrice Lipski, English; Jean Neumann, French; Peter Pekkarinen, mathematics; Richard Richey, mathematics; Joann O'Connell, business education; Jack Felger, assistant administrator for business.

Mr. and Mrs. Bonner

## Sandra Pedersen Weds John Bonner

John M. Bonner and Sandra E. Pedersen exchanged wedding vows in 6:30 p.m. ceremonies Aug. 7, in St. Peter's Catholic Church, Antioch. Father Henderson officiated at the ceremonies while the blessing was given by the Rev. Messersmith.

The former Miss Pedersen is the daughter of Mr. and Mrs. Robert H. Pedersen of Antioch, and Bonner is the son of Mr. and Mrs. Howard J. Bonner of Lake Villa.

The bride chose an A-line dress with a detachable full train, silk organza over peau de sole trimmed in Venice lace. The veil was accented with a profile of white daisies. She carried a white orchid with mums and carnations.

The maid of honor was her sister, Miss Cindee Pedersen. She chose an apricot A-line gown with short puff sleeves trimmed in Venice lace and carried multi-colored mums and carnations.

Serving as bridesmaids were Miss Gail Bonner, sister of the groom, and Miss Betsy Cutter. Dr. Berwin Cadman was best man for the ceremony and the ushers included Mr. Gregg Pedersen, brother of the bride, and Mr. Dean Pedersen and Mr. Dale Pedersen, cousins of the bride.

The guitar Mass was performed by John Torma and Bill Johnson and the bride sang "Magnificat."

A reception for 235 was held at the J-M Club in Waukegan and afterward the young couple left for a honeymoon trip to Wisconsin and Michigan. They will be at home in Ames, Iowa, where the groom is finishing his master's degree.

## Honor Winners Listed

By DEL JAHNEKE

At the recent Departmental March (State Convention) of the Illinois "Eight and Forty", held at the Sherman Hotel in Chicago, the Lake County Salon No. 191 received a number of honors and awards.

The Publicity Press Book of the Lake County Salon, compiled by Mrs. Edward Johnke, Antioch, chairman, received first prize in Area I competition. Area I is comprised of the Salons of Cook, DeKalb, DuPage, Kane, Lake, McHenry, Northwest Ridge, South Suburban and Will Counties.

Also in Area I competition, the Red Book page, designed by Mrs. Stanley Degner, Mundelein, won first place. This "page", an original design following the theme of the year, must depict the activities of the Salon.

Since Lake County Salon was 100% in membership, Mrs. Frank Waggett, Highland Park, membership chairman, was given a Citation.

A Certificate of Merit was presented the Salon for their contribution to the State President's special project. The project this year was to purchase needed medical equipment for the National Jewish Hospital (NJH) at Denver, Colorado. The NJH specializes in the tuberculosis, cystic fibrosis and respiratory diseases of children, regardless of race, creed or color. Since the primary purpose of the "8 & 40" is the prevention and control of tuberculosis and cystic fibrosis in children, many contributions are made to this hospital.

Mrs. Norman Holt, North Chicago, was appointed by the newly elected State President, Miss Ruth Hiteh of Whitehall, Illinois, to serve as Area I Child Welfare Chairman.

Mrs. William Franzen, Vernon Unit, outgoing Le Chapeau, was appointed a committee member of the state Trophies and Awards Committee.

On September 2nd, the installation of new officers of the Lake County Salon No. 191 will take place at Ted's Log Cabin in Waukegan at 6:30 p.m. Dinner will precede the installation. Mrs. William O'Neill, Past Chapeau, will be the Installing Officer, with Mrs. Everett Ainsworth as Installing Sergeant-at-Arms, both from Lake Forest; and Mrs. Degner as the Installment Chaplain. Mrs. O'Neill will present Mrs. Franzen with her Past Chapeau's Pin.

The incoming officers are Mrs. Frank Waggett, Highland Park; Le Chapeau; Mrs. N. Holt, Le Demi Chapeau Premiere; Mrs. Ray Suzzi, Highland Park; Le Demi Chapeau Deuxieme; Mrs. Phillip Cole, Highland Park; Le Cassiere; Mrs. Joseph Howland, Libertyville; L'Archiviste; Mrs. Howard Vaught, Mundelein; L'Aumonier; Mrs. John Schultz, North Chicago; Le Concierge; and Mrs. Franzen, Pouroir Member.

Miss Davis

## Engagement Announced

Chief of Police and Mrs. Jack Davis of Highway Dr., Antioch, wish to announce the engagement of their daughter, Bonita Sue to Michael Allen Gembara, son of Mr. and Mrs. Casimir E. Gembara of 5921 West 64th St., Chicago.

Bonnie is a 1969 graduate of Antioch High School and a graduate of Don Roberts School of Cosmetology, employed at Georgia's Beauty Shop.

Mike graduated in 1967 from Holy Trinity High School, Chicago. The groom to be is now employed by Walsh Construction Company as a carpenter apprentice.

The wedding has been set for November 7.

## Topics for Today's Women

THURSDAY, AUGUST 13, 1970 THE ANTIOCH NEWS

Mrs. Bivona

## Colleen Marie Gross Wed In St. Peter Church

St. Peter's Catholic Church was the setting at 4 p.m. June 27 when Joseph M. Bivona claimed Colleen Marie Gross as his bride in a ceremony performed by Rev. Lawrence Hanley of Holy Trinity Church, Chicago.

The bride is the daughter of Mr. and Mrs. Robert Gross of Antioch and the groom the son of Mrs. Yolanda Bivona of Mundelein.

The bride chose a gown of silk organza trimmed with Venetian lace. Her floor length illusion veil was formed by a mantilla with appliques of lace with bluish.

er. She carried lily of the valley, cymbidium orchids and stephanotis.

Mrs. Kathi Erickson, sister of the bride, was matron of honor with Patti Gross, Susan Kleeman, Cheryl Cunningham, Cyndee Cross and Ann Smythe as bridesmaids.

Bruce Briesch served as best man with Robert Gross, Bob DeRose, Tom Burns, Mike Klees, and Joe Piombino as ushers.

A reception for 300 followed the ceremony and the young couple honeymooned in California, Las Vegas and Reno. They are at home in Oakwood Knolls.

The Star Recorder Chapter Night was called to order by Senior Regent Erna Toft, who introduced the committee chairman, Star Recorder Jerri Polson.

As there was no enrollment, the Chapter proceeded with business which concerned a meeting with Loyal Order No. 525. After these minutes were read and discussed, the Chapter voted to present the Loyal Order with a donation they requested.

Star Recorder Chairman Jerri Polson introduced those of her committee who were present—May Palmer, Pat Wagner, and Una Fox. They each gave an interesting report on Chapter Procedure and the duties of a Star Recorder. The committee then presented the Senior Regent with a check for the Star

MOOSE TOPICS

There will be an enrollment of new members on Saturday evening, August 15, at 8 p.m. at the Antioch Moose Home. The Harvard ritual team will perform the ceremony.

There will be a fish fry on Friday evening, starting at 6 p.m. to 9 p.m.

The Antioch Moose members will have a splash party at the Antioch Pool on August 22. More details will be coming forth later. Entertainment chairman is Lee McKinney.

The winners of Pool tourney at the Moose Lodge are champions, Steve Elchek and Lee Meure; in runner-up place were Harry Peterson and Robert Taylor.

Chairman Lee Meure has promised a repeat performance for a later date to all Moose members.

## Social Notes

By Del Jahneke

The John Howletts, Torrance, California, have just returned from a six weeks' honeymoon tour of nine European countries, and have been spending several days with Mrs. Frank Kennedy, North Main Street, Antioch, Mrs. Howlett's grandmother. Mrs. Howlett is the former Miss Jill Kennedy of Antioch.

While in England, they visited Westminster Abbey, London Tower, Buckingham Palace with its traditional, colorful changing of the guards; and re-lived much of England's historic past. They visited three grand-aunts of Jill's (her mother's side of the family) who showed them famous inns, churches, etc., in their vicinity. They saw the gravesite of Jill's grandfather. The Howletts viewed Stratford-on-Avon, William Shakespeare's home, and watched the Royal Shakespearean Company performances. On to Scotland, where they toured the ancient Edinburgh Castle. They were tremendously impressed with the centuries old castles, churches and other edifices still abounding in Europe.

Paris, France, with its beautiful Notre Dame Cathedral, imposing Eiffel Tower, the shaded streets with their outdoor eating establishments; provided pleasant hours of sight-seeing. Madrid, Spain, was next on their agenda, but here they were disappointed as it was "hot and dirty."

In Italy, they first went to Rome, where they saw St. Peter's Church, and other lovely churches and palaces, hundreds of years old. The romantic gondola rides through the water "through-ways of Venice" were enchanting. Florence offered more of the past with its marble churches, palaces and statuary, and incredibly beautiful painting masterpieces.

A complete change of pace occurred when they went to Salzburg, Austria, high in the Austrian Alps. Both here and in Bernese, Switzerland, the clear blue skies, steep, snowy mountains, incredibly deep blue lakes, and the cascading waterfalls gave them many fascinating vistas of loveliness.

The Howletts visited the cities of Munich, Frankfurt and Cologne in Germany, finding them all highly industrialized areas. They took the steamboat ride up the Rhine River. Much of this river trip offers scenery of unsurpassed beauty—castles, most of them in picturesque ruins, peaceful little hamlets seemingly unchanged for many, many years.

Last stops were Brussels, Belgium, where they toured one of their justly famed lace factories; and then to Amsterdam, Holland. The flat lands of Holland, much of it reclaimed from the sea, its dikes and windmills, were a startling contrast to the mountainous countries they had just seen.

Enplaned in a Royal Dutch Airline plane, it was only eight hours flying time from Amsterdam to New York.

During the Howletts' stay with Mrs. Kennedy, they drove to Plymouth, Wisconsin, where they both will be teaching school in September.

## Pamela Kay Parton, William Hansen Wed

The Manse of the Wolcott (N. Y.) Presbyterian Church was the setting July 12 at 2 p.m. when William Dean Hansen of Antioch claimed Miss Pamela Kay Parton for his bride. The Rev. Richard Haynes officiated.

Young Hansen is the son of Mr. and Mrs. William Hansen of Antioch, and the bride is the daughter of Mr. and Mrs. Clifford Parton of Wolcott.

The bride chose a short white embroidered lace dress with long sleeves and empire waist trimmed with white satin. Her tiara was seeded pearls with a shoulder-length illusion veil. She carried a bouquet of white rosebuds with satin streamers decorated to match.

Miss Terri Lynn Parton, sister

of the bride, was maid of honor. She wore a short carnation pink dress with long chiffon puffed sleeves and empire waist trimmed with appliqued petite rosebuds. She carried a nosegay of pink, yellow and blue daisies, yellow rosebuds and white carnations.

David Toft of Lindenhurst, a friend of the groom, was best man.

A small wedding reception was held at the home of the bride following the ceremony.

Following a short wedding trip through Niagara Falls, Canada and the midwest, the couple will reside for the summer in Antioch and then move to Peoria where the groom plans to continue his education at Bradley University which the bride also attends.

Mr. and Mrs. Miholic

## Sheryl Elaine Knox Weds Joseph Miholic

Joseph W. Miholic and Sheryl Elaine Knox were wed Aug. 1 in 3 p.m. ceremonies at Holy Rosary Church, North Chicago.

Mr. Miholic is the son of Mr. and Mrs. Joseph J. Miholic of 905 Wadsworth Ave., and the former Miss Knox is the daughter of Mrs. Irene Knox of RFD 2, Box 631, Antioch.

The Rev. Thaddeus Cocot performed the ceremonies.

The bride chose a gown of white delustered satin trimmed with lace and seed pearls. A bouffant shoulder-length veil was held in place by a rosette-embroidered with seed pearls and sequins.

Matron of honor for the ceremony was Mrs. Joanne Becker, a cousin of the bride, and best man was Mr. James Salata.

Ushers were Jim Repp and Mickey Knox.

The couple were honored at a reception at the Millburn Congregational Church following the ceremonies and honeymooned at Starved Rock State Park. They are at home at 1013 Tenth Street, North Chicago.

## Sneezing Season Here

Sneezin' season has arrived! Those persons who suffer from hay fever are starting to notice that their annual misery has begun. The first microscopic ragweed pollen grain was captured Aug. 4 officially kicking off the season.

Historically, ragweed pollen—the airborne allergen affecting the largest number of sneezers—begins appearing in the summer breezes in this part of the country during the first week of August. Before it all ends, about 250,000 tons of ragweed pollen will have been transported to the millions of Americans who are sensitive to it. And Labor Day weekend traditionally is the heaviest part of the season.

If we're lucky and get an early frost, hay fever season could end early in September. Last year though, ragweed pollen still was appearing as late as October 9. All in all, 1969 wasn't too bad a year for hay fever sufferers, with no new record highs and only 12 days in which the count was above the average for the date.

The highest count in 1969 was 545 ragweed pollen grains per cubic yard of air, recorded at the North Chicago plant of Abbott Laboratories, where pollen counting has been going on for 40 years. However, that 545 count August 31 last year was not the all-time high. That was a staggering 1,127 ragweed pollen grains on August 31, 1958.

How bad will this season be? It's impossible to tell yet. Weather conditions in the Chicago area have been very good for growing large quantities of big, nasty-looking ragweed plants, and should the weather continue to be ideal—for the ragweed—it could be a pretty nasty season. However, should the weather be chilly and wet, it'll tend to hold down travel of the pollen and ease the sufferers' agony. And, if you want to know just how miserable you are, call 761-6750 (Chicago) or 688-2522 (Waukegan) for the latest pollen count.

Many persons plan their vacations to get away from the onslaught of the noxious pollens.

But don't head for Dallas, Texas, Paducah, Kentucky, Pittsburgh, New Orleans, or Detroit, unless you plan to hibernate in air conditioned, filtered comfort, because all these cities have high ragweed pollen counts.

The best refuges, for those able to get away during the height of the season, are described in "Hay Fever Holiday."

a free booklet available by writing Abbott Laboratories, D-792, North Chicago, Ill. 60064.

If you just can't get away during hay fever season, your best bet is pre-season treatment by your family physician—starting several months ago. It won't do you any good for this season, but think about it well in advance of next sneezin' season.

## 30th Annual Kenosha County Fair Opens

Ribbons of many colors will sprout like wild flowers in Wilmot this week. Hundreds of exhibits will be judged at the 30th annual Kenosha County Fair.

Fair gates open officially at 8 a.m. Thursday and close Sunday night, Aug. 16. The four, fun-packed days will feature country western music, fireworks, two nights of stock car racing, midway amusements, parades and all sorts of special events.

Highlights include the appearance of the Sons of the Pioneers, a free grandstand attraction, Saturday and Sunday, afternoon and evening; the big parade at noon on Sunday; the crowning of the Kenosha County Fair Queen on Thursday night at 9:30, following the talent show on the free acts platform; the annual 4-H livestock sale, Friday afternoon; an all-day open horse show on Sunday; tractor pulling and horse pulling contests; and band concerts during the parade and on Sunday afternoon.

In recognition of its 50th year, the 1970 Fair will offer special ribbons for top winners in all divisions of exhibits.

The Saturday night stock car race will celebrate the anniversary with a bigger purse for the winner; the Friday night, Teen Night races, will be admission free for persons 12-20 years of age.

and a special attraction will be entertainment, the smash Kenosha hit, "Enter the Young."

A big fireworks spectacle Sunday evening at 9:30 will conclude the four-day fair.

This year's Kenosha County Fair open house show will be an all day affair, Sunday, Aug. 16, beginning at 9 a.m.

There will be special junior western pleasure and horsemanship classes for those 13 years and under and for 14-18 year olds. For ponies there will be halter, pleasure and horsemanship, western or English equipment classes.

All other classes will be open, including western and English type horses at halter, English and western pleasure, rescue race, musical sacks, country driving and pair classes.

The country driving class is new this year, open to horse or pony, any age driver. The class will show how the pleasure horse or pony can also drive.

Also new this year is the costume class, open to any age rider with either horse or pony, to be judged on the theme, "Kenosha County 50 Years Ago or Later." There will be a special prize for the first-place winner of the class.

The entry fee is \$2 per class except for the pair class, which is \$3. No entry fee will be refunded unless the class is cancelled. No stallion may ride in junior classes and the same horse or rider may appear only once in each event.

## Cub Scouts Schedule Annual Picnic

Cub Scout Pack 192 will hold its summer picnic at Fox River Park, Wilmot, Wis., on Sunday, August 16 beginning at 2 p.m.

Parents and Cubs are to bring their own food and dishes. Cold pop and cola will be furnished by the Pack. There will be plenty of fun and games, so we hope to see everyone there.

## Double Honors

Gary Williams has again been included on the Dean's List at Arizona State University.

Gary and his wife, Kathy, also became the proud parents of a baby girl, Whitney Marie, on July 6.

Those delighted over the new baby are her brother, Eric, her paternal grandparents, Mr. and Mrs. H. Roger Williams of Grayslake, and her maternal grandparents, Mr. and Mrs. Larry Ryan of Antioch. Three great-grandmothers who are welcoming the youngster include Mrs. Iland and Mrs. Ryan of Antioch and Mrs. MacKenzie of Chicago.

Southern Illinois University is studying a proposal to build a monorail around the Carbondale campus to help relieve transportation problems.

cept for the pair class, which is \$3. No entry fee will be refunded unless the class is cancelled. No stallion may ride in junior classes and the same horse or rider may appear only once in each event.

For further information or entry blank, call 414-662-6121, the Fair office in Wilmot.

## Steel Imports Priced Up

New York — (HK) — Foreign steel producers are shipping increased tonnages of expensive alloy and tool steels into the United States this year, even though their total shipments of steel mill products are down from a year ago.

American Iron and Steel Institute, reported that imports of alloy and tool steels through August totaled 231,000 tons, an increase of 32 percent over the 175,000 tons shipped during the first eight months of 1968.

ISI notes that although foreign producers have reduced the total tonnage of imports, they are gradually shifting into more expensive items, such as alloy, tool and stainless steels. Thus, although total imports are now down 21.4 percent over last year at this time, the declared value of imports is down only 12.8 percent.

ISI reports that for the first eight months of the year, the declared value per net ton of all steel imported was \$121.99, against \$109.98 in the same period of 1968.

## Flare Watcher

Sarasota, Fla. — (HK) — NASA's Orbiting Solar Observatory satellite launched last August was sent aloft to study solar flares from a 350-mile-high orbit above the earth's masking atmosphere. An on-board pulse-code-modulation telemetry system, built by EMR-Telemetry, has been gathering information from the satellite's seven experiments which measure solar radiation, solar activity and radiation from outside the solar system, and transmitting it back to earth.

## Workable Farm Labor Law Is Needed Now

The apparent breakthrough of the United Farm Workers Organizing Committee in efforts to organize California grape pickers reemphasizes the need for federal labor legislation, William J. Kuhfuss, Illinois Agricultural Association president, said.

Best estimates to date are that at least 35% of the total California table grape production has been signed under contract with UFWOC—whose officials are claiming that nearly all of the California grape production is now covered under union contracts.

"Through the economic pressure of boycotting food stores handling table grapes, the union has been successful in forcing some table grape growers to sign collective bargaining agreements which force their workers to join the union," Kuhfuss said.

"Until workable federal labor laws related to agriculture can be enacted, the nation's farmers will continue to be at the mercy of organized pressures of some labor unions."

## Spare Tire On Auto Important

The spare tire on your car may well be the most important piece of life-saving equipment that you take along on your vacation, says the Institute for Safer Living of the American Mutual Insurance Companies.

Few people seem to know—still fewer believe—says the Institute, that the mounted and inflated spare tire of a standard American car will float like a life ring and provide up to three adults with plenty of buoyant support. The big plus for the spare tire is that you will probably always have it with you; if your car is there the spare tire should be there too.

This life saving method is widely endorsed by police departments and water safety authorities; however, the Institute notes these "important" precautions: a tire or wheel of small diameter will not be as buoyant as a large one and, regardless of size, the tire should be inflated within a few pounds of that recommended by the manufacturer.

Never use this device as a floating toy—it is heavy and rough and may cause injury.

If you can't swim, move the tire to the drowning person by using a stick, pole, or oar.

Never throw or pitch a tire from an elevated position at a person in the water—he might be hit by the heavy object and be knocked unconscious or severely injured.

Never consider this device as a substitute for knowing how to swim or knowing conventional water rescue methods. The surest way to avoid drownings is to have every member of the family be a competent swimmer and Red Cross trained in lifesaving. Never swim alone.

## CLC Library Hits A Milestone

The Learning Resource Center of the College of Lake County reached an important milestone this month when the library acquired the 10,000th volume in its collection.

Dr. Richard Erzen, president of the College of Lake County, accepted the 10,000th volume in a brief ceremony in the College Library on Tuesday, July 28. Mrs. Thelma Sandee and Walter Kroll, members of the Board of Trustees, assisted by Dr. Erzen in honoring this landmark in the College's development.

The book chosen as the 10,000th volume is a copy of the Lake City Publishing Company's 1891 Portrait and Biographical Album of Lake County, Illinois.

The book is classed as scarce and is a type referred to in the book trade as a "mug" book which consists of pictures and biographical sketches of notable County personalities. The book is the library's only volume published in the nineteenth century and is on display in the College library as an item of interest.

Following the ceremony, participating members of the Board of Trustees congratulated the staff on the remarkable progress that the Learning Resource Center has made in offering a wide range of materials to students and faculty members in a short period of time.

## COMING EVENTS

A.C.H.S. — School Begins.

## Henny Youngman... 20 Girls, 2 Boys...

(Continued from page one)  
capacity crowds, John Teresi and John Weiss, the major domos of the Antioch Country Club, came up with the idea of a top name comic.

After much thought and negotiation they were able to engage the services of the hilarious king of comedy—Henny Youngman.

Henny... fresh from the triumphs on the Merv Griffin show, will appear in person, 2 nights only, Friday, August 14th and Saturday, August 15th, at the Antioch Country Club and Steak House (formerly George Diamond's), Route 59 and Grass Lake Road, Antioch, Illinois.

Show times nightly will be at 8:30 and 11:30. For your dining, dancing and laughing pleasure reservations can be made by calling 395-3000.

Coming attractions include—for your Labor Day holiday entertainment pleasure—Clyde McCoy and his orchestra, creator of the Sugar Blues—September 2nd through September 7th.

Count Basie Orchestra, Sept. 26th and 27.  
Dick Jurgens Orchestra, October 8th and 9th.

problems as illustrated in the southwestern U.S.

Participants in the trip from the Antioch area are Rick Erickson and Victor Lahti.

The tour is being conducted by Dr. F. Morgan, Chairman of the Division of Biological and Health Sciences, and Mr. D. Sherman, instructor of geology and geography; the group will return on Friday, August 28.

(Continued from page one)  
Jean Schoelzel, Antioch; Patsy Russell, Round Lake; Judy & Suzie Hevredes, Antioch.

FLOWER ARRANGING — Allison Hevredes, Antioch, Linda Lagerstrom, Antioch.

PUBLIC SPEAKING — Eileen Regner, Round Lake; Rick Kutz, Ingleside.

AGRICULTURAL DEMONSTRATIONS — Tim Will, Lake Villa.

Mrs. Barbara Dahl, Assistant Extension Adviser, and Miss Christine Willis, Extension Summer Student, will also attend State Fair acting in supervisory capacity on the Lake County delegation.

Grand Champion prize winning projects which will be judged and placed on exhibit during the Fair are:

CLOTHING — Carol Mudd, Libertyville; Diane Austin, Antioch; Eleanor Frost, Round Lake.

CARVING AND CASTING — Cindy Kloth, Wildwood, resin candle holder.

LEATHERCRAFT — Jennifer Butler, Mundelein, leather belt.

METALCRAFT — Jim Edler, Barrington, necklace.

MOSAICS—Coral Zentz, Round Lake, seed and pine cone owl.

PRINTING — Alison Hevredes, Antioch, stationery.

STITCHERY — Jennifer Kelley, Wauconda, wall hanging.

PHOTOGRAPHY — John Sage, Grayslake.

## Lunar Probe System To Explore Moon's Depths

Sarasota, Fla. — (HK) — A planned subsurface lunar probe system designed to radio back information from two-inch holes drilled 200 feet below the moon's surface may provide the best lunar information yet. The probes may reveal the origin of the lunar mountains and craters as well as the moon's interior, which could have either a solid or liquid core.

The system, devised by EMR-Telemetry in cooperation with Schlumberger Well Services — another Schlumberger company in the oil well logging business — and EMR-Photoelectric has been under consideration for an advanced Apollo mission by Dr. Orlo K. Hudson at the National Aeronautics and Space Administration's George C. Marshall Space Flight Center in Huntsville, Alabama, for the past few years. It has been delayed, but not extinguished, by prior budgetary requirements. With \$23.9 billion already invested in getting men to the moon this year, detailed lunar exploration with a probe-like device would appear to be an inevitable future step.

The vital questions that the lunar probe system is expected to

answer for scientists include the relationship between the lunar composition and that of the earth, the other planets and meteorites — and in turn provide more information about the origin of the earth.

### Age of The Moon

Scientists are anxious to determine if the lunar core is liquid or solid and in either case, for how long it has been that way and how large it is. The probe would also provide more information on such gross features as mountains, seas and craters, and tell if they were formed by volcanoes or meteors. Of equal interest are the relative times in history each of the major features was formed and, of course, the age of the moon.

The system includes two subsurface lunar probes, one to obtain measurements of thermal and electrical properties deep inside the surface of the moon, the other to determine the moon's nuclear characteristics. The probes operate with a subsurface deployment unit designed to low-

er each of the two probes into both shallow and deep holes that are drilled into the lunar surface to depths of ten feet and 200 feet, respectively. A surface probe unit that resembles a carpet sweeper is also part of the system, and makes surface measurements that are later correlated with the subsurface measurements.

The probes are designed to be left in the lunar surface to transmit data back to earth for at least 14 days after the astronauts have left. They would be capable of maintaining calibration for at least six months, including three months on earth and three in the lunar environment.

EMR, a Schlumberger company, designs and manufactures data acquisition and analysis equipment, scientific digital computers and photoelectric devices. At its Sarasota, Fla., facility, EMR-Telemetry produces airborne, spaceborne and ground-based components and systems for data acquisition, transmission and processing. At its Princeton, N. J., facility, EMR-Photoelectric produces photo-multiplier tubes, image intensifiers and channel multipliers.

# Antioch Takes Second Trophy In Swim Meet

The second annual invitational swim meet sponsored by the State Bank of Antioch was held at the Antioch Aqua Center Sunday, Aug. 2, for a large number of swimmers and spectators.

The Fox Point team of Barrington scored 239 points to win the coveted first place trophy.

The Antioch Swim Club participated—well, but didn't have the needed depth to overtake the Fox Point group and Antioch had to settle for the second place trophy with 198 points.

Receiving the 3rd, 4th, and 5th place trophies were Kenosha (Wis.) AAU Club, Kenosha Towne Club and the Zion Recreation Club.

Fox Point's team added this win to a very successful season of no defeats according to their coach, Mrs. Sam Wagner.

Antioch, coached by Marty Berry, also had a very successful season winning 5 dual meets while losing only 3. Kenosha AAU Club, coached by Jerry Burmeister, has some very good swimmers, but lacks depth.

Kenosha Towne Club, coach, Alan Palmer, and Dan Thorstenson's Zion Recreation team both suffered from lack of swimmers, number-wise.

Antioch's high point scorers were sister and brother, Judy and Dave Berry, both had three first places. Judy had her wins in 2 lengths freestyle, and backstroke plus anchored the winning freestyle relay.

Others on this relay were Kathy Walpole, Jim Vorhies and Pat Muro. David got his points in the backstroke, the difficult individual medley and he also anchored his age group's freestyle relay with teammates, Jody Fields, Jerry Schmidt and Suzy Berry.

Other Antioch winners were Pat Muro, first in 13-14 free, third in

16 and under fly. Tim Walte, first in 12 and under fly, fifth in 11-12 free, and on the third place medley relay with Sue Solomon, Gina Teresi and Scott Reeves. Marianne Mutaw first in 9-10 backstroke, third in freestyle, and breast-stroke. Bill Vorhies, first in 2 lengths back and breaststroke. Ed Berry, first in 13-14 breast, fifth in individual medley, and fourth in backstroke.

Scott Reeves got second in the 9-10 free, and breast. Mike Muro scored third in backstroke, and individual medley and second in the butterfly. John Schmidt (8 and under) got a second in freestyle and a third in backstroke.

Steve Haley scored fifth in 9-10 freestyle. Jerry Schmidt received his points with a fourth in 11-12 freestyle and a solid second in fly. Suzy Berry, fourth, 11-12 free, and back. Jody Fields, third individual medley, and second 11-12 free, Bob Dodd, fifth

13-14 free. Kit Kakacek, second 13-14 free, fourth 13-14 backstroke.

Jim Vorhies, third 15-16 free, and breaststroke. Kathy Walpole, fourth 15-16 free. Heidi Stanczak, fourth 8 and under backstroke. Lisa Stanczak, fifth 9-10 backstroke. Kim Klogg, fifth 11-12 backstroke. Mark Hinterberg, second 13-14 back. Barb Dodd, second 13-14 breast and back. Linda Lagerstrom fourth 15-16 back. Jenny Schmidt fifth 9-10 breast. Sue Solomon fourth breast in the 11-12 year old group. Frank Abderholden fourth 13-14 breast.

JoAnne Lubkeman and Jenny Walpole scored fourth and fifth in the 15-16 breast.

The 16 and under medley team of Barb Dodd, Kevin Walpole, Kit Kakacek and Jeff Schmidt rounded the host team's scoring with a second place.

# Browne Wins Feature

Vern Browne of Waukegan won Sunday's 30 lap feature winner at the Waukegan Speedway as Ray Young's consecutive feature win streak came to a halt. The Dolton driver finished fifth after setting fast time and winning the fast heat.

Young's Mercury Cyclone suffered a broken tie rod in the early going allowing the left front wheel to be continuously cocked to the left. Even in defeat, Young proved he could run better on three wheels than most drivers can on all four.

Three persons required hospital attention during Sunday's races; however, none were serious. In the powder puff derby Margaret Bostick of Waukegan was hit broadside at high speed by Bonnie Zabransky of Chicago. Both ladies were taken to the hospital, Bostick with a painful bruise to her left leg.

Browne was almost another casualty as he was temporarily knocked out in the third lap of the late model feature. Tom Jones of Northbrook spun right in

front of Browne and the two hit head-on, although at low speed. As Browne was thrown forward in his harness, he was hit from behind and his head rapped the rollbar.

In the same accident Bob Anzinger of Antioch hit Jones and the two tied together requiring a restart. Browne coasted into the infield and came around after a brief pit stop, decided to finish the race.

Herb Hattendorf of Glen Ellyn led the feature until the red flag in the third lap. On the restart Al Gutche of Bristol was quick in the lead, but Browne took over in the 5th lap with Young and Bob May of Gurnee right behind.

Browne started to pull away as Young experienced his steering problem. It was the 17th lap before May could catch the ailing Young to second spot and that is where he finished.

Jim Cossman of Waukegan ran fourth until the 20th lap when Jones took that spot. In the 25th lap Jones moved by Young for third and Cossman finally passed Young in the 27th lap for fourth spot. Anzinger finished sixth in front of Rich Oerfel of Palatine.

Margaret Hanlen of Waukegan won the powder puff derby by regaining the lead in the last lap from Tootie Weyrauch of Des Plaines. Fourteen ladies and Dick Dornbusch started the race. However, Dornbusch was disqualified for not having the necessary equipment.

Tom Reuss scored another win in the hobby feature to move into second spot in the point standing behind Tom Oliver of Zion. Oliver finished fifth after spinning out midway in the race. Vicki Goben of Great Lakes was second and Rich Lambert of North Chicago won the qualifying consolation race and took third in the feature after starting in the rear.

# Little League Action

The Yankees continued their winning ways by capturing the post-season Round Robin Tournament crown.

In the first round, the Yankees edged the Giants 1-0 in one of the best played games of the entire season.

Dave Lagerstrom's squeeze bunt scored Dave Zilkus with the winning run in the last half of the sixth inning. Both Matt Warner of the Yankees and Dave Bogaerts of the Giants pitched real masterpieces.

The Cubs squeaked by the Dodgers 6-5 in another thriller. Mitch Witt was the winning pitcher and Tim Sheppard took the loss.

In the title game, the Yankees blasted the Cubs 17-9 with a lot of free hitting by both teams. Brian Andrews of the Yanks hit his first Little League home run and it came with the bases loaded.

weight, low-profile outboards — the most deluxe fishing motors on the market. The line of speedy yet economical low-profile engines now includes models of 6, 8, 9.9 and 12.9 horsepower.

Other new outboards for 1971 include a 45 hp model with Magnapower, Chrysler's exclusive capacitor discharge ignition system, and a 35 hp model with alternator.

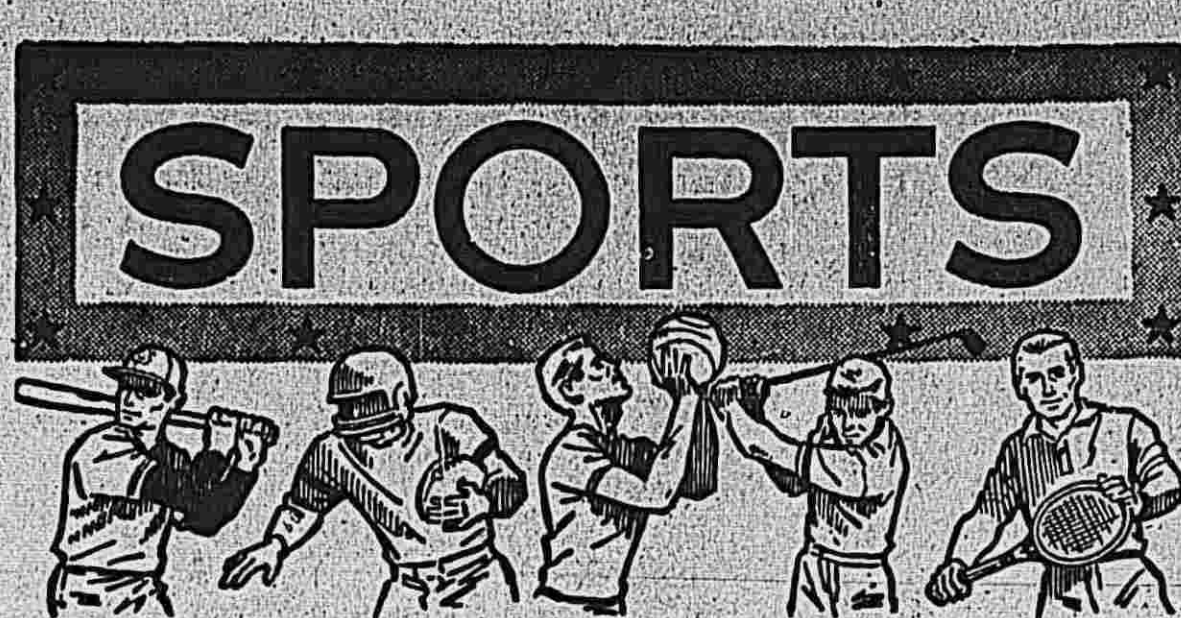

The sleek new Chrysler sport boat, called the Conqueror, has a shallow-vee hull, for maximum speed, and plush interior appointments that include a deeply padded dash and smartly styled instrument cluster. The new day sailer, the Buccaneer, is a fast-moving sloop that has a cockpit roomy enough for six persons, lots of storage space, and a unique reefing job.

The new 17-footer, with an open bow cockpit, is called the Courier 231 and features Chrysler's patented Hydro-Vee hull. All-new interior and exterior designs give this craft greater roominess, comfort, luxury and performance.

Also new to the boat lines are deluxe versions of five cathedral-hull models ranging from 15 to 18 feet. Chrysler now offers 47 models of fiberglass and aluminum boats from 12 to 24 feet.

Donald A. Milton, general manager of Chrysler's Marine and Industrial Products Operations, told the dealers:

"Our '71 boats will put exciting new color, class and comfort on the waterfront. All of them will also provide an extra measure of built-in performance, value, safety and seaworthiness.

THURSDAY, AUGUST 13, 1970

THE ANTIOCH NEWS-6

# Ray Young Wins Again

Ray Young of Dolton continued his domination of the Waukegan Speedway late model division Saturday night by winning his 6th consecutive main, but third year driver Bob May of Gurnee gave Young a real race.

May, in his best night of the season, turned a near record 14.27 lap in qualifying, which was his best of the year. Later, Young also turned in a 14.27 lap; but since May was the first to do it, he was credited with fast time.

In their heat race, Young moved in front and held on for the win, but May was able to pull alongside Young at the checkered. The 30 lap main was the same story with Young in front and May closing the gap, but ending up a few feet short at the finish line. May did move from fourth to third among the point leaders with his Saturday performance.

The late model division was full of accidents, flying wheels and red flags Saturday; while in contrast, the hobby events were remarkably free of accidents. The first heat and the feature in the hobby class were extremely close.

Nick Peters of Waukegan and Rich Lambert of North Chicago ran side by side in the closing laps of the first hobby heat with Peters coming home with his first career win.

The 18 car main event was run

non-stop with Charles Pryor of Waukegan first into the lead. By the halfway point an extremely close battle among five cars developed for the lead with Pryor only slightly ahead of Lambert. Vicki Goben of Great Lakes, Tom Oliver of Zion and Wendell Stevenson of Gages Lake.

Stevenson, who likes to run in the difficult outside groove, finally took the lead at the white flag as lapped cars were spinning and traffic was heavy. Goben took second and Burlon Mauldin of Park City came on for third. Stevenson became the 17th hobby feature winner of the season.

The late model feature required four restarts. In one of these Rich Oerfel of Palatine crawled over Tom Jones' car on the backstretch with Oerfel's car having a wheel ripped off. In another stoppage, Lake Bluff's Dick Dornbusch lost a wheel directly in front of the leaders who were about to lap him.

Willie Winchester of Kenosha led the first lap before Tom Jones from Northbrook slipped in front, only to retire with a flat tire. Waukegan's Jim Cossman then took over first position in the third lap.

By five laps it was Cossman just ahead of Young, followed by May, Al Gutche of Bristol, Bob Anzinger of McHenry, and Min-

chester. Young took the lead on the next lap. Cossman held second until the 19th lap when May went by in the third turn and began closing in on young.

Cossman finished third with fourth spot going to Gutche who passed Anzinger in the very last lap to regain that spot. Although Jones had his problems in the main, he did set fifth best time and won both the trophy dash and third heat.

# Drugs Take Title

The Antioch Drugs clinched first place in the Babe Ruth League last week with two wins.

The Drugs defeated the Advertisers by a 24-10 score Tuesday. Mike Guilfoyle was the big gun at the plate with four hits. Tom Underhill received his fifth victory of the season, but was in trouble many times. Jim Wirth hit a home run for the losers.

On Wednesday the Drugs had a rough time beating Shurfine by an 8-7 score. Mike Guilfoyle

(Continued on page seven)

# Antioch Team Does Well In Tourney

Antioch sent a team down to the Libertyville tournament last week and the boys did themselves proud. Monday night they defeated the Round Lake team in the first leg of the tournament by a 9-3 score.

Glenn Amundsen did a fine job relieving on the mound and received some fine support at the plate. Dan Mahar hit a three run homer, Jim Wirth a two run homer, and Tim Mieuere had a three run four bagger. The team also played errorless ball on the field.

Thursday night under the lights Antioch lost a tough hard played game by a 8-6 score to a rough Waukegan team. The Antioch team played a good ball game, but each time they crept up Waukegan would score to pull away again.

The boys all played good tournament ball, and with a little luck could have gone all the way.

Trophies were presented at the 2nd annual swim meet on Aug. 2 sponsored by the State Bank of Antioch. Top from left, Kenosha Town Club Team Captain Steve Snyder and Coach Alan Palmer with 4th place trophy; Fox Point Swim Club Boy Team Captain Randy Stofft and Coach Sam Wagner, accepting first place trophy from Preston Reckers, bank vice president, and girl team captain Pam Palmer; Zion Recreation Club Coach Dan Thorstenson and Team Captain Rosemary Kennedy with 5th place trophy. Bottom, from left, Kenosha A.A.U. Club Coach Jerry Burmeister and Team Captain Mike Martin with 3rd place trophy, and Antioch Swim Club Team Captain Mike Muro, and Coach Marty Berry, with 2nd place trophy.

# Wrestling Program Scheduled

Promoter Bob Luce says he has the makings of a powerhouse football "Dream Team", if the World Champion Kansas City Chiefs would be interested in a game after the August 14th White Sox Park pro-wrestling show.

Verne Gagne, former University of Minnesota and Green Bay Packers at end. 6' 9", 315 pound Ernie Ladd, formerly with the Kansas City Chiefs, and 6' 4", 240 pound Wilbur Snyder who played with the Los Angeles Rams at tackles. Red Bastien and Dick the Bruiser at guards, both standouts in college at the position. Bruiser later becoming a star pulling guard with the Green Bay Packers, and their offensive captain in 1962. Big Bill Miller at the other end, former star at Ohio State when they won the Big 10 and beat U.S.C. in the Rose Bowl.

The backfield: Pepper Gomez, outstanding halfback with the Los Angeles City College in 1947. 6' 6" 335 pound Bobo Brazil at fullback. Crusher at halfback, and Bobby Heenan, Blackjack Lanza's Manager at quarterback. Coach Hank Stram are you listening?

# Double Super Race Dates For Kenosha

It's Kenosha County Fair stock car auto racing time at the Kenosha County Speedway in Wilmet this weekend and there will be two big nights highlighting the 50th anniversary of the Kenosha County Fair in Wilmet.

The modified and sportsman stock cars of the Interstates Racing Association will be featured in grandstand shows on Friday, August 14 and Saturday, August 15.

The Friday night date has been labeled "Teen Night" and all teens between the ages of 12 and 20 will be admitted free to the stock car races on this night.

The 50 lap Kenosha County Fair Anniversary Championship race will wind up the only double race dates of the year at Wilmet with the largest cash awards ever set for the annual event. In recognition of the 50th Anniversary date, the Kenosha County Fair Association is adding more than \$1000 to the drivers' share of the races. The extra cash awards are sure to draw the largest field of cars of any night of Fair racing.

Racing for the Kenosha County Fair Queen Kiss in victory circle will be the top drivers of the modifieds headed by Whitey Harris. Bill Bohn, Al Schill, Ron Bergsma, Jr. Dodd, Tom Anderson, Chuck Dan, Roger Otto, Don Sorce and at least three other drivers, could wind up the rich winner.

Time trials are set for 7 p.m. with racing promptly at 8:30 p.m. each night. The Kenosha County Fairgrounds is located just two blocks north of Wisconsin Highway C, 7 miles west of Interstate 94.

# Bowlers To Meet

The pre-season meeting of the Lakes Region Tavern League will be held at the Antioch Bowl on Aug. 20, at 8 p.m.

All captains should be present. The meeting is also open to all Tavern League bowlers.

# Steiskal Attends Showing

Thomas D. Steiskal of Cub's Cove, Grass Lake Road, Antioch, recently attended a dealer preview of Chrysler Corporation's 1971 outboard motors and boats at the Playboy Club-Hotel in Lake Geneva, Wisconsin.

Highlighting the '71 outboard line are new, lightweight 12.9 8 and 6 horsepower models. A total of 51 different outboard models from 3.6 to 135 horsepower are now being offered by Chrysler. New to the boat line are a fast 16-foot sport boat, a spirited 18-foot day sailer, and a luxurious 17-foot bowrider.

The new 12.9 is the most powerful of Chrysler's compact, light-

# Antioch Is Still Unbeaten

The Antioch Little League Tournament team is participating in a double elimination tournament in Gurnee.

After 3 rounds, Antioch and Deerfield remain the only undefeated teams in the tournament.

In the first round, Antioch swept by an outmanned Grayslake club 20-7 with Dave Bogaerts pitching the win for Antioch.

In Antioch's second game, Bruce Tossey pitched an outstanding game in beating Lake Forest 7-2. Jim Bodin, Mitch Witt and Matt Warner got key hits for Antioch.

In the third round game, Antioch beat Grandwood Park 9-8 in a real heartstopper. Matt Warner, who relieved starter Mitch Witt, struck out the last batter with the tying run at second base. Dave DeBoer hit a homer and triple with Mitch Witt and Jon Bodin also having 2 hits each.

The big blow for Antioch was a 2 run triple by Brian Brophy in the fifth inning which provided the margin of victory.

Sons of the Pioneers will appear at the Kenosha County Fair on Saturday and Sunday, Aug. 15 and 16 both in the afternoon and evenings.

## Fun Project Under Way In Lake County

An interesting and fun project is under way at Little Silver Lake, just east of Antioch. Property owners and fishermen from Jac's Resort are cooperating in "cropping" Little Silver Lake.

"We have a population explosion of bluegills, and if they were not thinned out, there would not be enough food to support them," states Wayne Erickson, of the Resort.

Cropping means keeping all bluegills regardless of their size. Erickson has set a high goal of 10,000 bluegills to be caught in August. To date he reports over 4,200 have been taken by fishermen.

Results of this cropping are starting to show in the ratio for keepers to fish caught.

Children and adults alike are enjoying the project while aiding in conservation of Little Silver Lake. The Illinois Department of Conservation has approved the project.

"Bratwurst Cornfest" will be held on Saturday, August 29, at the resort sponsored by the Little Silver Lake Improvement Association in cooperation with Jac's Resort.

The afternoon's receipts will be used for weed and fish control in Little Silver Lake. All are invited to come and do their thing for ecology. For information and reservations call: George Christensen, 395-1277 or Wayne Erickson, 395-2242. Tickets available at the resort.

## FUNERAL NOTICES

ELMER BARTHEL. Elmer Barthel, 60 years old of Salem, Wis., passed away from a heart attack on Thursday, Aug. 6, at his home on Hwy. 83 south of Salem. He was born June 1, 1910 in Antioch, Ill., the son of the late William L. and Myrtle Barthel.

He had been a farmer by occupation and was a member of the Pure Milk Association, Kenosha County Farm Bureau, Holstein-Friesian Association, A.S.C.S. County Committee Chairman, President of the board of the Kenosha County Mutual Insurance Co., and a member of the Salem Methodist church.

Survivors are two brothers, Lewis Barthel, Salem, Wis., Rev. Norman Barthel, Phillips, Wis., two sisters, Mrs. Myrtle (George) Kohlstedt, Salem, and Mrs. Catherine (Ray) Wertz, Wilmot, Wis. Funeral services were held at 1:00 p.m. Saturday at the Strang Funeral Home in Antioch. Rev. Ray Kotvicki of the Salem Methodist Church officiated. Interment was in Liberty Cemetery. Friends called after 3 p.m. Friday at the funeral home.

## STEVEN L. SHERWOOD

Steven L. Sherwood, 18 years old of 31 E. Grand Avenue, Lake Villa, passed away at 9 p.m. Sunday, August 9, from injuries received in an automobile accident at Angle Drive and Hwy. 83 near Lake Villa.

He was born Feb. 17, 1952 in Waukegan, and had lived in Lake Villa all of his life. He was a member of the Lake Villa United Methodist Church, and had been an Eagle Scout with troop 184. He had graduated in 1970 from Grayslake Community High School. He had been working as an apprentice machinist for the Trevor Machine Service.

Survivors are his parents, Delbert and Shirley Sherwood, Lake Villa, two brothers, David Sherwood, Lindenhurst, Ill., Roger Sherwood, Orlando, Fla., his maternal grandmother, Mrs. Bertha Ritzenthaler, Long Grove, Ill., and his paternal grandmother, Mrs. Beatrice Sherwood, Round Lake, Ill.

Funeral services were held at 11 a.m. Wednesday at the Strang Funeral Home in Antioch. Rev. David Bibbighouser of the Lake Villa United Methodist Church and Rev. Stephen Wills of the

# Bozeman Comes Through For Win

Jim Bozeman, Waukegan veteran modified stock car driver, ended the four in a row win streak of point leader Whitey Harris, Lake Villa, at the Kenosha County Speedway in Wilmot Saturday night in another night of numerous crashes and wild excitement.

The win for Bozeman was his second on the IRA circuit of Supers this season but by far the most thrilling of any race this year.

Harris set fast time on the expertly prepared clay quarter mile oval and started in the back of the 16 car field.

In the front row were Jr. Dodd, Waukegan, and Bozeman. Dodd opened up a six car length lead by the third lap and bunched the field. Bozeman and Bill Bohn of Kenosha were George Fisher, Janesville, Jerry Hester, Milwaukee, and eight other cars running in three car length distance.

Fisher went wide down the back straightaway and spun his car entering the third turn when his throttle stuck open. He crashed off the track in about the same way he did on the previous Saturday night ending up in the outside chain fence.

Cars behind him dodged and spun widely, with Ron Bergsma,

Bill Klein, Tom Anderson, Eddie Loomis, and Whitey Harris being involved.

Denny McKay, Elgin, got his car under control, stopped on the track and quickly backed up to the end of the back straightaway, to alert the leading cars of the pileup in the turn. Fisher's car had knocked out the track signal lights that would have been used to warn and stop the leading cars.

Also temporarily disabled was the track sound system. All drivers emerged without injury, but on the restart, the cars of Fisher, Bill Klein and Bergsma were unable to continue.

Each suffered extensive damage.

Jr. Dodd stayed in the lead on the restart until a fire failed him on the 26th lap and he wound up only in 11th position at the end. Earlier, he had been honored at driver interview time with a watch and cake presented by his fans.

Harris was 9th on the restart and took 3rd from Bohn on the 10th lap. At this point Dodd still had a four car length lead over Bozeman. When Harris caught Bozeman, it looked like he would also pass Bozeman and take off for Dodd. However, Harris batted wheel to wheel with Boze-

man for six more laps before they caught Dodd and it was Bozeman getting the lead and the win by just a car length over Harris. Later, Bozeman said he "didn't know he could go any faster until he felt he just had to stay ahead of Harris."

The 15 lap semi had to be red flagged when Paul Cameron, Round Lake, crashed into the wall off the fourth turn extensively damaging the brand new car owned by Roger Jacobson, Trevor. Cameron's car was unable to run and he drove the new car for the first time. Pop Kline, Fell Lake had been in the lead and stayed there on the restart to win his second race of the night. He had earlier won a heat race and it was his first win of the 1970 season for the Senior Driver on the IRA Circuit.

Other heat race winners were John Shum, Milwaukee, Dodd and Ron Bergsma, Richmond. The Sportsman stock car events were no less thrilling as Don Pulera, Burlington, crashed on the first lap of the feature but came back to finish second behind Al Lundberg, Milwaukee. Heats were won by Joe Greske, Tom Barker, and Pulera. Greske also won the semi feature after three crashes and restarts.

## Harris Wins At Geneva

Whitey Harris, Lake Villa, got the lead on the last lap at Lake Geneva Sunday night from Bill Kline of Burlington and spoiled Kline's chances for a first feature race win. Kline had led all previous laps. A restart was necessary when the rear end on Jim Bozeman's car locked up on the third lap of the feature race sending the cars of McKay, Dave Bliss and Paul Cameron into the infield.

The track was slick in the outside groove and when Al Schill went wide Harris moved under him to take third behind Ron Bergsma. Later, Schill got around Harris when he tried the outside to pass Bergsma. All this running must have helped because Harris was later able to hold on the outside and passed Schill, then Bergsma and finally Klein for the win, his fourth at Lake Geneva.

Heats were won by Jim Bozeman, Waukegan, Schill, Franksville, Bergsma, Richmond, and Jerry Hester, Milwaukee, who also won the 15-lap semi-feature.

The Sportsman's feature was won by Jack Aschenbrenner, Wind Lake, who also set fast time but finished second to Jim Boehles, Hales Corners in the heat.

## Plumbers Golf Set For Aug. 20

The Pipe and Wrench Invitational, annual golf outing of the Plumbing & Heating Contractors Assn. of Lake and McHenry Counties, will be held at Brae Loch Country Club, Rte. 45 near Grayslake, Thursday, Aug. 20.

Members of the Association will be joined by Plumbers Union officials, suppliers, and political figures in the annual outing, according to James DiPietro, of DiPietro Plumbing, Deerfield, Chairman of the Outing Committee.

Serving with DiPietro in planning the event are Robert Andrew, of George Andrew & Sons, Harvard, and Forrest Berg, of Tri-County Plumbing & Heating, Lake Villa.

Trophies will be awarded for low gross and low net for members and guests and special plaques will be presented for high gross and high net, DiPietro said.

A special "Plumber's Putter" has been designed by Assn. President L. E. (Ozzie) Koetz, of Koetz & Barton, Zion, for use in a special driving event. Music for after-dinner dancing will be provided by Jack Maynard and his orchestra.

## NEW CENTER

Gov. Richard B. Ogilvie has released \$400,000 for purchase of an 18.7-acre tract in Chicago for a new correctional center for boys. Director Peter B. Bensinger of the Department of Corrections said plans for the reception and treatment center, approved three years ago by the Chicago Plan Commission, include space for 100 boys recommended for parole violations and space for intensive treatment of 150 older and more aggressive offenders.

About 70 per cent of the minors committed to the department's juvenile division are from Cook County, Bensinger added. He said the division has 1,867 boys and 313 girls in 18 training schools, special education facilities or school camps. Courts may commit youths up to 17 years of age to the division, which may maintain jurisdiction of them until they are 21.

## TOP RACERS

Five of the nation's finest drivers are scheduled to compete in the Illinois State Fair 100-mile National Championship Auto Race Aug. 22. They are Al and Bobby Unser of Albuquerque, N. M.; A. J. Foyt, Houston, Tex., and Mario Andretti, Nazareth, Pa., past winners of the Indianapolis 500, and Gary Bettenhausen of Tinley Park, Ill.

## CRAFT SALE

Senior citizens' clubs will have an opportunity to sell their handicrafts at an outdoor market on Golden Age Day, Friday, Aug. 21, at the Illinois State Fair. Clubs will be assigned free spaces on the walk around the Illinois Building. Groups are asked to provide their own tables for displays.

Judging of entries in various categories will start at 10:30 p.m. in the Illinois building. Entertainment by senior citizens and groups is scheduled for 11 a.m. and 1:15 p.m. Fair dates are Aug. 13-23.

## MUSICAL VARIETY

The Illinois State Fair opening day parade, scheduled for 5:30 p.m. Thursday, Aug. 13, from Lincoln Park to the fairgrounds, will feature the Black Knights Drum and Bugle Corps as the honor band. The Capitol Changers and Falcons, both of Springfield, and the Consolidated Youth Band of Downers Grove and Aurora are other drum and bugle corps scheduled to parade, as are the Mendon, Griffin, Alton and Johnston City high school bands.

## FOOD VARIETY

The Food-A-Rama, an innovation at the 1970 Illinois State Fair, will be according to Manager Thomas B. Evans, offer regular food service at regular prices by Howard Johnson's, Golden Bear Pancake House, Guzzardo's Pizza, Little Red Hen Fried Chicken, Bonanza Steak House and Steak and Shake.

## Trouble Makers

"Boys will be boys" is, perhaps enough excuse for a harmless Halloween prank, but emphatically no excuse for burning buildings, disrupting a big city's traffic, interfering with the majority of students who want an education, nor supporting our country's vicious enemies. It may well be, as some say, that these people are hardened thugs in the pay of foreign revolutionary groups who

want to weaken and destroy America, but whether this is true or not, we think the working, tax paying, respectable Americans who are the ones whose opinions are worth considering, are sick and tired of the trouble makers and don't intend to have much more of it. And the great majority of the young people agree. St. Louis, Mo., County Medical Society Bulletin, as it appeared in an ad by Warner and Swasey.

# Not everyone buys Bonds for retirement.

Not anymore anyway.

Especially since the new higher interest rates went into effect.

U.S. Savings Bonds now pay 5% interest when held to maturity of 5 years, 10 months (4% for the first year; thereafter 5.20% to maturity).

Interest like that makes Bonds a great way to save for the extra things that make living a little bit more fun. Boats, vacations, campers, a place at the lake or in the mountains. Things you can enjoy while you're still feeling young.

You can get your savings plan started by joining the Payroll Savings Plan where you work or the Bond-a-Month Plan where you bank.

Start saving now. Bonds are for more than retiring.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

**Take stock in America.**  
With higher paying U.S. Savings Bonds.
